

Homelink

Now your children can keep in touch with you wherever you are

Homelink

Homelink is a unique service that enables your child to keep in touch with family and friends from any telephone. Homelink is your child's very own personal freephone number and is programmed to connect to up to 10 designated telephone numbers of your choice anywhere in the world.

There is no charge to the telephone that is being used to make the call. Your child simply dials their personal Homelink number and presses a number from 0 to 9 to connect directly to the person they want to talk to. There is no PIN number to enter or telephone numbers to remember and you decide and control who your child can call. Plus, you can change your nominated numbers online at any time.

Your child will receive their personal Homelink card containing simple instructions on how to make a call to any of your 10 nominated telephone numbers.

Charges and how you pay

Homelink costs just £10 to set up and is now only £4.70 per month payable by direct debit. We've reduced the cost of calling to make this an even more cost-effective way for your children to keep in touch. You will receive an email bill each month itemising every call your child has made.
